REASONS FOR ALLOWANCE

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114 was filed in this application after appeal to the Board of Patent Appeals and Interferences, but prior to a decision on the appeal. Since this application is eligible for continued examination under 37 CFR 1.114 and the fee set forth in 37 CFR 1.17(e) has been timely paid, the appeal has been withdrawn pursuant to 37 CFR 1.114 and prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 13 October 2004 has been entered.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: the instant application is deemed to be directed to a nonobvious improvement over the invention patented in US Patent 6,359,692. The improvements comprise in combination with other recited elements, that (a) for each location, calculating a frequency transform of the interference signal at a frequency corresponding to each of selected pairs of the different surfaces in the set of cavity surfaces and extracting the phase of the frequency transform at each of the frequencies corresponding to the selected pairs of surfaces and determining at least one of i) a surface profile of at least one of the test object surfaces and ii) a relative optical thickness profile between two of the test object surfaces, based on at least some of the extracted phases (as recited in claims 1-16, 28-32, and 39); (b) the test object is positioned between two reference surfaces (as recited in claims 17-26 and 55); and (c) the test object is positioned relative to the at least one reference

surface such that the optical path lengths of successive adjacent pairs of the cavity surfaces are substantially proportional to one another by a unique power of 3 (as recited in claim 27).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shun Lee whose telephone number is (571) 272-2439. The examiner can normally be reached on Tuesday-Friday.
